This bull offers a lot with balanced EPDs and a pedigree that combines CDI Rimrock and WS Beefmaker. With his genomic enhanced EPDs, he offers lots of calving ease and a low birth weight. He ranks in the top 20% and 15% for API and TI respectively. His dam is an easy keeping cow with plenty of milk and a nice udder, typical of Beefmaker daughters. This balanced bull will be an asset to your herd.

Here is a proven cow that previously sold in the Fall Harvest. This donor is due to calve to Dream On. This Meyer x Saughatchee donor is proven and sold daughters in this sale and the Virginia Beef Expo. Also, we have a son working in our herd. Look up her daughter by Combustible. Homozygous polled.

You need to study your lesson here on Miss Rey E182. Here is a grand daughter of the donor Miss Knight A14 which is a Milestone and is out of a maternal sister to Lock N Load. Jeff Broadaway sold a daughter of her for \$7,200 in the 2015 sale to Hilltop. A14 and A15 are full sibs. A female with YW in the top 15% of the breed.
